Guessing this is separate from the review you were doing?

Please add to the next eBinder – This is for PDAA review. Thanks.

Hi Michal,

As mentioned at the OPPT General earlier this week, the draft report to Congress is ready for your review and concurrence before RSB distributes internally within EPA for final review using the Workgroup Closure procedures under the Agency's Action Development Process. This draft report was developed by OPPT, with staff input from OPP, OPPT, ORD, OP, OGC, and Jeff Dawson in OCSPP IO. The draft report and draft action memoranda seeking the submission of the report to OP and OCIR for OMB clearance and submission of the final report to the Hill are attached (there is nothing for you to sign at this time).

Ex. 5 Deliberative Process (DP)

Peter Smith is my staff lead. Please let either of us know if you have any questions, comments or would like a discussion, and we'll coordinate with OPPT to get you what you need and revise the documents. Thanks.
